FAMILY
 SCIENCE NIGHT

Our Camp Leader - Mr. Campbell

Dear Parents-

It's hard to believe that testing season is already here. Students will participate in district-wide reading and math assessments this spring along with the state MSP test. Teachers meet each week to discuss academic achievement and plan lessons that will meet the needs of students in their classrooms. We have dedicated, skilled teachers that make our school a great place to learn.

Please help us provide the best testing environments possible so our kids are able to show all they have learned. Ask them about what they are studying at school and give them a quiet place to read and complete homework. A full night of sleep is very important. If our bodies and minds are well rested it is easier to focus and stay on task during the day. Testing information will be sent home soon, so please try to schedule appointments etc. after school if possible. Thank you for entrusting us with your children on a daily basis. It is our honor and pleasure to watch them learn and grow each and every day at Lincoln Elementary.
